

Only Six Thousand Generations Jan Hauenstein

(C) Only six (G/B) thousand gene(Am) rations, (A2) (Am)
(F) Only two (C) hundred thousand (G) years, (C) (G)
By the (F) end of that short (C) spell,
If we (E7) haven't gone to (Am) hell,
We can (F) stop guarding the waste
And sink some (G) beers. (G/A)(G/B)(G)(G/D)

But (C) ain't that a (Am) mighty long (Am/E) time, (F) I hear you (G) say,
(F) Isn't that a (C) mighty high price (G) we'll have to pay?
(C) Fool, think (Am) twice, (Am/E) and (F) don't make such a (G) fuss,
Some(F) body'll have to (C) pay up, but it prob'ly won't be (G) us.

Let the (F) Geiger counters (E) count
While we're (Am) sleeping (Am7) safe and (D7) sound,
Cher(G) nobyl, (Em) that was so long a(Am) go.
The con(F) tainment may be (E7) crumbling,
But that's (Am) just some (Am7) distant (D7) rumbling,
And (G) merely a couple (Em) thousand people (Am) died, you know. (C/B)

(C) Only six (G/B) thousand gene(Am) rations, (A2) (Am)
(F) Only two (C) hundred thousand (G) years, (C) (G)
By the (F) end of that short (C) spell,
If we (E7) haven't gone to (Am) hell,
We can (F) stop guarding the waste
And sink some (G) beers. (G/A)(G/B)(G)(G/D)

(C) Sure, with plu(Am) tonium, (Am/E) a little (F) risk may be in(G) volved,
But (F) don't you think that (C) someday that tiny (G) problem will be solved?
So (C) children in (Am) Sellafield (Am/E) are (F) dying from that (G) stuff?
But (F) we've got cheap (C) energy, and for me, that's good e(G) nough!

Let the (F) Geiger counters (E) count
With that (Am) soft tick-(Am7) tick-a-tocking (D7) sound,
(G) Today, there's (Em) money to be (Am) made!
Let the (F) barrels pile high and (E7) rust,
Let them (Am) crumble (Am7) into (D7) dust,
(G) Yes, there's a (Em) snake that lies in (Am) wait, but...(C/B)

(C) Only for six (G/B) thousand gene(Am) rations, (A2) (Am)
(F) Only for two (C) hundred thousand (G) years, (C) (G)
By the (F) end of that short (C) spell,
If we (E7) haven't gone to (Am) hell,
We can (F) stop guarding the waste
And sink some (G) beers. (G/A)(G/B)(G)(G/D) (C) (G/B)
Sink some (C) beers. (C/D)(C/E) (C) (G) (C)
